When a flood emergency happens

- Monitor VicEmergency warnings and information.
- Never drive through floodwater – this is the No.1 killer in floods. It takes just 15cm of floodwater to float a small car.
- Watch what is happening around you and activate your plan.
- **Bag it, block it, lift it, and leave** – see *Plan to stay dry* over page
- Take your emergency kit and identification e.g.. Drivers licence, passport
- If you are impacted, register at the Relief Centre or with your local council, to get the help you need.
- Monitor VicEmergency for when it's safe to return and for Recovery information.
