or

Please contact your local SES member (Community Engagement Facilitator) who can assist you with this if needed.

Student may have had a range of experiences in the past with emergencies and may present memories of both positive or negative experiences.

Care should be taken to ensure that participation in the activity does not exacerbate or re-trigger -previous trauma.

This may include communicating with parents and providing student with an opportunity to privately talk to you if they have experienced a distressing event.

Student must be given the option to not participate in any activity that may cause discomfort or distress, and appropriate support should be available from the educator if needed.
