National Quality Standards 1 – 7

Learning Outcomes 1 to 5

Lesson number: Lesson 1 of 5

Lesson overview

Prior Knowledge

Before starting this sequence, Children have experienced a visit from the local SES Unit. The children are aware of creating their own emergency grab bag in case the household needs to leave their house in an emergency. (e.g. flood, storms)

Lesson objectives

To allow children to become confident to make decisions about planning their own emergency grab bag in case the household needs to leave their house in an emergency. (e.g. flood, storms)

For children to acknowledge their efforts of learning new skills in emergency preparedness

or

Please contact your local SES member (Community Engagement Facilitator) who can assist you with this if needed.

Children may have had a range of experiences in the past with emergencies and may present memories of both positive or negative experiences.

Care should be taken to ensure that participation in the activity does not exacerbate or re-trigger -previous trauma.

This may include communicating with parents and providing children with an opportunity to privately talk to you if they have experienced a distressing event.

Children must be given the option to not participate in any activity that may cause discomfort or distress, and appropriate support should be available from the early childhood educator if needed.
