Learning Outcomes 1 to 5

Lesson number: Lesson 2 of 5

Lesson overview

Prior Knowledge

Before starting this sequence, Children have experienced a visit from the local SES Unit. Children are given the opportunity to express themselves with each other and the learn not to enter floodwater, play or swim because of the dangers and risks that are in the floodwater.

Lesson objectives

For children to learn about why it is unsafe to play and swim in floodwater.

For children to learn about what they can do before and during a flood emergency.

or

Please contact your local SES member (Community Engagement Facilitator) who can assist you with this if needed.

Children may have had a range of experiences in the past with emergencies and may present memories of both positive or negative experiences.

Care should be taken to ensure that participation in the activity does not exacerbate or re-trigger -previous trauma.

This may include communicating with parents and providing children with an opportunity to privately talk to you if they have experienced a distressing event.

Children must be given the option to not participate in any activity that may cause discomfort or distress, and appropriate support should be available from the early childhood educator if needed.
